

Disclosure of Relevant Financial Relationships Advanced Practice Provider Committee

All persons in a position to control the content of a CME activity are required to disclose to the AUA, as the ACCME-accredited provider, all financial relationships with any ineligible companies during the previous 24 months. An ineligible company is defined as one whose primary business is producing, marketing, selling, re-selling, or distributing healthcare products used by or on patients.

The AUA must determine if the individual's relationships are relevant to the educational content and mitigate any conflicts of interest prior to the commencement of the educational activity. The intent of this disclosure is not to prevent individuals with relevant financial relationships from participating, but rather to provide learners with information so they can make their own judgments. All relevant financial relationships listed below have been mitigated.
